Subject: FW: Memo regarding use and disposal

Mary and John- a former EPA OPPT manager, Steve Owens, now represents a Ben Use site, Hazelton Creek. He has approached management of HQ office, OCSPP, regarding the NON and use vs. disposal of PCB. Please read the attachment which is a draft OGC legal memorandum on use vs. disposal. Cheryl

Subject: RE: Memo regarding use and disposal

Hi Cheryl,

Attached is the staff-level OGC briefing/options paper for OCSPP on the disposition of PCB-containing materials under PADEP clean fill regulations and beneficial use permits. This hasn't gone through management review yet and is still a draft, so please don't share widely. My manager is well aware that this is awaiting review but he's been swamped with other TSCA matters so I'm not sure when he'll provide feedback.

Bethany, I am asking to receive a copy of the memo you are preparing for program upper management. Is that possible? Very interested in the OGC opinion and the outcome.

We are in the middle of preparing public comments to PADEP's amended Clean Fill Policy and General Permit for Beneficial Use. Thanks, Cheryl
